MISSION STATEMENT

The Grundy County R-V School District is dedicated to helping each student reach their fullest potential physically, academically, and socially.

We believe that: All people can learn. Each person has a desire to learn. All people have inherent value. Quality education is the responsibility of every citizen. A quality education is the most practical solution to the developing ills of today's society. We are responsible for guiding and motivating students in achieving their potential. Each student deserves to be taught by methods most appropriate and comprehensive education is essential for every citizen. There is dignity and satisfaction in work. Every person is responsible for self and to others. The family is a fundamental part of education. A commitment to anything other than excellence for students is an injustice.

SCHOOL GOALS

The main goals of our school are to educate students in the basics necessary to be successful in society and to provide a variety of areas of socialization from which to choose in preparation for a career/vocation. In addition to the academic basics of language arts, math, and science, we believe emphasis must also be placed upon development of thinking and reasoning abilities, good health habits, moral values such as honesty, truthfulness, respect for self and others, and pride in home, community, and nation. Students should develop a sense of worth and wellbeing.

SCHOOL SPIRIT

School spirit may be described by three characteristics:

Courtesy: Toward staff members, fellow students, and the officials of school athletics.

Pride: In everything our school endeavors to accomplish and in past achievements.

Sportsmanship: The ability to win and lose gracefully.

School spirit means loyalty to all functions of the school, supporting our school and keeping our scholastic and activity standards at the highest possible level.

SCHOOL FIGHT SONG

Fight for the fame of Grundy R-V, now and forever; don't let her die. To our spirits we are bright; fight for the colors, black and white. Teamwork's the password to every game. Fight fair and square; honor its name. Grundy R-V depends on you so onward to victory. Rah! Rah! Rah!

NCLB NONPUBLIC COMPLAINT PROCEDURES

The Federal No Child Left Behind Act of 2001 (NCLB), Title IX Part E. Sec. 9503 requires the Missouri Department of Elementary & Secondary Education (DESE) to adopt a complaint process for participation of private school children.

Who May File a Complaint?

A local education agency (LEA) is required to provide to eligible private school children, their teachers, and their families Title I services or other benefits that are equitable to those provided to eligible public school children, their teachers, and their families. Private school officials have recourse through the complaint process if they do not believe their eligible children, teachers, or families are receiving equitable services.

Address to File a Complaint

The complaint should be addressed to the Director, Federal Grants Management, Missouri Department of Elementary and Secondary Education, P.O. Box 480, Jefferson City, Missouri 65102-4080.

Definition of a Complaint

A private school official has a right to complain to the state educational agency (SEA) that the LEA did not engage in a timely and meaningful consultation process or did not give due consideration to the views of the private school officials. Any dispute regarding the accuracy of low-income data for private school students also can be the subject of a complaint. A formal complaint must be a written, signed statement that includes specific details of the situation of noncompliance by the local educational agency.

Alternatives for Filing Complaints

It is federal and state intent that complaints are resolved at a level nearest the LEA as possible. As described below, formal complaints filed with the SEA will be forwarded to the appropriate LEA for investigation and resolution. Informal complaints made to the SEA will be subject of an initial investigation by the SEA, but will be forwarded to the LEA if a formal complaint evolves. Precise processes in both instances are described below.

Informal Complaints Received by the SEA Office

Informal complaints (i.e., verbal and/or anonymous) to the SEA by individuals (who may ask not to be identified to the LEA) concerning nonpublic issues in an LEA will be investigated by the SEA, according to procedures deemed most appropriate by the SEA, within 10 days of receipt of the complaint. Findings of this investigation shall be reported to the complainant within 10 additional days. In the event that the complainant requests further investigation or a hearing, the complainant must file a signed written complaint. This formal complaint will be processed according to procedures outlined in sections below.

Formal complaints Received by the SEA Office

1. Record. Upon receipt of a written complaint, a record of the source and nature of the complaint, including the applicable program involved in the complaint, and facts on which the complaint is based, will be initiated.
2. Notification of LEA. The SEA will inform the involved school district(s) of the complaint.

3. Report by SEA. Within thirty (30) days after receiving a complaint, the SEA will gather needed information including documentation and statements of the parties and may conduct an independent investigation. The SEA may provide technical assistance and may facilitate an appropriate resolution to the complaint through an on-site visit, if required.

Decision

The SEA will resolve the complaint and will provide the parties, a written summary of the investigation and complaint resolution. This report is considered public record and may be made available to parents, teachers, and other members of the general public. The complainant or the LEA may appeal the decision of the SEA.

Appeals

Appeal to the U.S. Department of Education

No later than 30 days following the written response by the SEA, or in the event the SEA fails to resolve the complaint within a reasonable period of time, the private school official may appeal the decision of the SEA to the secretary of the U.S. Department of Education. Such appeal must be accompanied by a copy of the SEA's written response, if available, and a complete statement of the reasons supporting the appeal.

Procedure Dissemination

1. This procedure will be disseminated to all interested parties through the agency webpage at <http://dese.mo.gov> and to subscribers to the Federal Programs listserv.
2. This guidance will be distributed through regional and statewide meetings with Federal Programs Coordinators and nonpublic officials. LEAs are asked to distribute the complaint procedure to nonpublic entities during consultation meetings.
3. DESE will keep records of any complaints filed through this policy.

Revised 9/6/07

Public Complaint

Although no member of the community shall be denied the right to petition the Board of Education for redress of a grievance, the Board will refer the complaints through the proper administrative channels for solution before investigation or action. Exceptions are complaints that concern Board actions or Board operations only.

The Board advises the public that the proper channeling of complaints involving instruction, discipline, or learning materials is as follows:

1. Teacher/Principal
2. Title VI, Title IX and Section 504/ADA Coordinator
3. Superintendent
4. Board of Education

Any complaint about school personnel will be investigated by the Administration before consideration and action by the board. (Board policy 1480)

Grievance Procedure

Students, parents of students or employees have the right to file a formal complaint alleging noncompliance with regulations outlined in Title VI of the 1964 Civil Rights Act, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973.

Level One – Principal or Immediate Supervisor (Informal and Optional-may be bypassed by the grievant) – Employees with a grievance of nondiscrimination on the basis of sex, race, national origin or disability may first discuss it with their principal or immediate supervisor, with the objective of resolving the matter informally. A student or parent with a complaint of discrimination on the basis of sex, race, national origin or disability may discuss it with the teacher, counselor or building administrator.

Level Two – Title IX and Section 504 Coordinator(s) – If the grievance is not resolved at level one and the grievant wish to pursue the grievance, they may formalize it by filing a written complaint on a Compliance violation Form, which may be obtained from the Title IX and Section 504 Coordinator. The complaint shall state the nature of the grievance and the remedy requested. The filing of the formal, written complaint at level two must be within fifteen (15) working days from the date of the event giving rise to the grievance or from the date grievant could reasonably become aware of such occurrence. The grievant may request that a meeting concerning the complaint be held with the Title ix and Section 504 Coordinator. A minor student may be accompanied at the meeting by a parent or guardian. The Title IX and Section 504 Coordinator shall investigate the complaint and attempt to resolve it. A written report from the Compliance Officer regarding action taken will be sent within fifteen (15) working days after receipt of the complaint.

Level Three – Superintendent – If the complaint is not resolved at level two, the grievant may proceed to level three by presenting a written appeal to the Superintendent within ten (10) working days after the grievant receive the report from the Title IX and Section 504 Coordinator. The grievant may request a meeting with the Superintendent or his/her designee. The Superintendent or his/her designee has the option of meeting with the grievant to discuss the appeal. A decision will be rendered by the Superintendent or his/her designee within ten (10) working days after receiving the written appeal.

Level Four - Board of Education – If the complaint is not resolved at level three, the grievant may proceed to level four by presenting a written appeal to the President of the Board of Education within ten (10) working days after the grievant receives the report from the Superintendent. The grievant may request a meeting with the Board to discuss the appeal. A decision will be rendered by the Board of Education at their next regularly scheduled meeting. The grievant will be notified in writing of their decision within ten (10) working days after the Board of Education action.

This procedure in no way denies the right of the grievant to file formal complaints with the Missouri Civil Rights Commission, the Office for Civil Rights, or other agencies available for mediation or rectification of rights grievances, or to seek private counsel for complaints alleging discrimination.

However, Grundy County R-V School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Grundy County R-V School District to include this type of information from your child's educational records in certain school publications. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAS) receiving assistance under the Elementary and Secondary Education Act of 1965 to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written contest.

If you do not want Grundy County R-V School District to disclose directory information from your child's educational records without your prior written consent, you must notify the District in writing by September 1st. The Missouri A+ Schools has three goals

1. Ensure that all students graduate from high school.
2. Ensure that all students complete a selection of high school studies that is challenging and has identified learning expectations.

Grundy R-V High School students may be eligible for the *financial incentives that may include

up to 100% tuition from any Missouri Public community college or post-secondary vocational/technical school for a 2 year time period. This is an exciting opportunity for Grundy County R-V students, regardless of whether they plan to attend a traditional four-year university, a community college, a vocational/technical school, or plan to enter the labor force immediately upon graduation from high school.

Students must meet the following requirements to be certified as an A+ student:

- Attend an A+ designated high school for at least three consecutive years prior to graduation
- Graduate with a grade point average of 2.5 or higher on a 4.0 scale non-weighted
- Have at least a 95% attendance record with all absences included except school excused absences

Everyone should remain at designated areas, quietly and orderly, until the all-clear signal is given. Students are to keep out of the streets and teachers are to **take attendance**.

Earthquake Procedure

At the first sign of a tremor, students are to drop to the floor and get along side a desk or table. When tremors have subsided, the building should be evacuated following the fire evacuation procedures outlined above.

Early Graduation - BOARD POLICY

A student who wishes to graduate from high school in less time than the ordinary eight (8) semesters, grade 9-12 sequence, may request permission to complete graduation requirements on an alternate schedule. The student and parents/guardians will consult with high school guidance personnel to develop a graduation plan. The student's intention to accomplish this shall be stated in writing to the principal. A student who graduates early must complete all graduation requirements established by the Board. The student who chooses early graduation will be allowed to participate in the spring graduation ceremonies. In all other school activities the early-out graduate will be treated as a graduated student. Adopted 11-21-94 File: IKFA

Change of Schedule

All semester courses should be arranged at the beginning of the first semester. Students have one week to make changes. This does not include students who fail a semester and must be placed in

another class. Student-generated course changes will not be accepted.

To try to insure adequate background for success in a subject, there are sequenced classes and/or some prerequisites that must be completed prior to enrolling in a more advanced class. Please note these requirements as you plan your course of study for high school.

Grading System

Although the following system is recommended for grading, teachers may use their own systems. Students will be informed about the grading scale in each class if it differs from this one:

An incomplete grade, “Inc.”, advises that allowable make-up work has not been turned in. At quarter grade-posting time a student will have up to five (5) days upon return to school to turn in this work or F’s will be given and averaged to compute the quarter grade.

All incomplete grades received, as a quarter grade must be removed at the office two weeks from the date grade cards are issued or each will become an automatic F. All make-up grades are the responsibility of the students.

Any virtual student who is failing a class during any grading period, must return to in-person classes the next quarter.

Extra-Curricular Sports Activities

Team membership is open to all students who wish to participate and meet team requirements. Girls' athletics include cheerleading, basketball, track, baseball and softball. Boys' athletics include cheerleading, basketball, track, and baseball.

Students must obey the law of the community. Any student who has been apprehended because of a violation of the law shall not be permitted to participate in an event until he/she has been cleared of charges or until he/she has satisfied his/her fine or penalty. A student placed on probation shall be considered a good citizen on probation and may be considered eligible on probation as long as he/she meets all other standards.

Failure to inform school of such offenses could result in a 365 day suspension from MSHSAA Activities, MSHSAA bylaw 212.0 (Citizenship Standards).

Student Participation Activity Conflicts Guidelines

In order to manage activity conflicts the following criteria will be used concerning student participation.

1. Competitions have precedent over all other activities. A student will be expected to compete

- in a scheduled event in lieu of participating in any other activity, which might conflict.
2. The higher the level of competition the more precedence that competition will have over all others. For example: A state competition in conflict with a district competition, a student in conflict will be expected to compete in the state competition. District competitive events will take priority over conference and conference over local events and practices.
 3. When competitions of the same level occur the sponsors will resolve the conflict. Should the sponsors be unable to resolve the conflict, the principal will meet with the students involved to give them their choice of competitions.
 4. This criteria will apply to all events where a student is in conflict. A student risks being taken off the teams involved for refusing to abide by the criteria set forth.
 5. In cases where events are canceled and reset every effort will be made to avoid conflicts when the rescheduling is done. In cases where a rescheduled event cannot avoid being placed in conflict with another event, the above criteria for student participation will remain in force. An activity being placed on the calendar first does not give that activity precedence over the established criteria for student participation.
 6. In activities where all team members may not be needed the above criteria could be altered by sponsor agreement and principal approval.

Sportsmanship

As an athlete representing Grundy R-V High School, you have a responsibility to exhibit good sportsmanship at all times. You are a representative of your student body, your school and your community.

Attitude is one of the principle prerequisites in becoming a champion in any sport and of course, that is best defined by how you act, how you feel and think in showing your disposition.

A winning philosophy is important, but realizing the importance of how the game is played is equally important. Simple acts or gestures of respect such as: displaying good conduct, cooperating with officials, shaking hands with opponents before and after the contest, showing self control at all times, accepting decisions and abiding with them, accepting both victory and defeat with pride and compassion and never being boastful or bitter will aid you, the individual and your team, as well as portray the standards of sportsmanship expected of athletes at Grundy R-V High School.

In all reality, interscholastic athletics are much like everyday life. There are and will be disappointments in athletics, but there will be disappointments in all of life's activities. It's how you react to those disappointments that will measure what values you have learned through your athletic endeavors.

Responsibilities of Participants of all Athletic Competition

1. Striving to achieve sound citizenship and desirable social traits including emotional control, honesty, cooperation, dependability and respect for others and their abilities.
2. Maintaining academic and eligibility standards as established by the Missouri State High School Activities Association and Grundy R-V High School.
3. Learning the spirit of hard work and sacrifice.
4. Learning to attain physical fitness through good health habits.

5. Desiring to excel to the limits of your potential.
6. Showing respect for both authority and property.
7. Be willing to accept the leadership role that is instilled through the school program.

Keep in mind that you are in the public eye and your personal conduct always must be above reproach.

Athletics Participation Guidelines

1. Students are free to make their own selection as to sports in which they wish to participate.
2. A student, who has gone out for a sport but quits of his own accord, will not be eligible to start participating for another sport before the end of the competition in the sport that was dropped. The head coach of the sport dropped and the head coach of the new sport may waive this rule only under special circumstances and after discussion with the administration.
3. Once the high school sports season has officially begun, athletes are not allowed to participate in any other sport that would affect the high school sport they have begun. (Example – Slow Pitch / Fast Pitch softball, Golf / FastPitch softball, etc.) Administration and coaches will have final determination.
4. All students will be transported to and from respective games, meets etc. via school transportation. The only exception to this is when a parent makes a request to transport the student and contacts the head coach personally to make arrangements, the day before. The administration will make the final decision in these matters.
5. If it is necessary to be absent from practice or scheduled events, the student are expected to obtain permission from the head coach prior to the scheduled practice or event. If the absence is unforeseen, the student should make every attempt to contact the head coach concerning the nature of the absence. The head coach will determine whether the absence is **excused** or **unexcused**.
6. Students who are absent from school, for **any part of the day**, on the day of competition or the day following an athletic event, will not be eligible for competition on that day and will be ineligible to participate in the next competition unless they have a written doctor's note or the approval of the administration and the head coach. Do not use athletics as an excuse to miss school. In the event of the suspension of a student, the student will not be eligible for competition until he/she has fulfilled the disciplinary requirements established by the administration. The classroom obligation always comes first.
7. The use of tobacco related products is absolutely prohibited.
*The first offense will be one event dismissal.
*The second offense will be squad dismissal.
8. **The use of alcohol is absolutely prohibited.**
*The first offense will result in a 30-day suspension from all athletics.

Physical Exams & Insurance Requirements

1. The school shall require of each student participating in athletics a certificate of an issued physical signed by a physician, advanced nurse practitioner or a certified physician's assistant stating that the individual is physically able to participate in athletic practices and contests for their school. The medical certificate is valid for the purpose of this rule is issued on/or after February 1 of the previous school year.

2. A student shall not be permitted to practice or compete for a school until it has verification that the student has basic athletic insurance coverage.

The certificate must have signatures from the physician, the student and their parent and be on file in the athletic director's office before the student will be allowed to practice with any Grundy R-V High School athletic team.

Homecoming - ADMINISTRATIVE REGULATION

Each school year the principal will designate one home basketball game as "Homecoming". Each class will nominate one candidate for King and Queen from each grade level (9-12), who must be a ball player, cheerleader or manager. Voting will be done by secret ballot by the entire student body grades (6-12). Candidates will be crowned king and queen at the homecoming game. The cheerleaders and ball teams will be in charge of any decorations. Homecoming dance will be for students in grades 6 through 12 and must be finished by 11:00 p.m.

School Trips – ADMINISTRATIVE REGULATIONS (including athletic trips)

A school trip is any chaperoned excursion by a group of students off of school grounds, planned by the school, for the benefit of the students, except short field studies during the regular school day associated with one particular class and not causing students to be absent from any other classes. All school trips are to be planned to avoid absence from regular classes as much as possible and must be approved by the principal.

All school trips must be accompanied at all times by a certified member of the teaching staff. The principal must approve a complete schedule of the trip and all included events. The trip will then be placed on the official calendar of the principal and the superintendent prior to the trip. No arrangements for transportation, no advertising, and no financial commitments will be made prior to approval of the trip.

The principal, superintendent, and each student going on any school trip, except those to inter-school athletic events, will receive a printed schedule of the trip from the trip sponsor at least two days prior to the trip.

12. A detailed expense account will be given to the administrator.

If a student in his/her junior or senior year has been disciplined for physically or verbally threatening a staff member, teacher, or another student, that student will not be allowed to go on the senior trip.

Transportation to and from School Activities

When transportation is provided to school sponsored activities, students who participate in these activities will be expected to travel in the school-provided transportation to and from the event. Only the following exceptions will be considered.

Students may travel home with parents only if parents or legal guardians come in person to the sponsor or the coach involved or sign the Sign out Sheet. This must be with the approval of the sponsor or coach.

Parents may want their child to ride with someone else. In this case, the parents must do the following:

Personally inform the coach or sponsor with whom the student will ride. If the parent is not present they may make a previous request in writing in the high school principal's office by 2:00 p.m. the day of the activity. The written request must state who will be transporting the student.

The next action is the person designated by the parent must come in person to the sponsor of the activity and pick up the student.

No student will be released from a school activity to another person under the age of 18 years. In case of an emergency, or circumstances beyond the control of the parents or student, a student may be released with a member of the immediate family. An administrator or the person in charge will make this decision.

Coaches of athletic teams reserve the right to refuse a player's request to return home with anyone other than the team unless an emergency situation arises or a special problem exists.

No student will be permitted to use his or her own vehicle for activity transportation unless accompanied by a teacher, coach, or administrator employed by the Grundy R-V School District.

Violations of any of the above will result in temporary suspension for the activity in which the violation occurred.

Attendance Regulations

PARENTS/GUARDIANS and STUDENTS should READ this policy **carefully**. If you have any questions, please call the high school office.

Regular and functional attendance on the part of all students is necessary to do satisfactory work. Repeated tardiness and absences frequently cause students to become discouraged and/or fail. Your participation is important in your continuing education, not only at Grundy R-5 Schools, but also in

any endeavor in which you embark upon after graduation from Grundy R-5. You have a responsibility to your fellow classmates to contribute to each class. Therefore, it is very important that you be in school on time everyday that school is in session. Only in unavoidable cases should a pupil be taken out of school before the close of day.

Absences

If a student is absent from a class more than six times in a semester, this could result in a loss of credit for that class and the juvenile office will be notified. School related activity would not count toward being absent from class. Any student has the right to request permission from the administration for an absence. If a student is absent, the office will attempt to call home and verify the absence. If no contact is made, the student will be considered truant from school and could result in disciplinary action. Parents are encouraged to call the school at 673-6511 to notify the office of a student being absent. If this is done by 9:30 a.m. then that day's homework can be obtained and picked up at the end of the day. You can always appeal to the administration for credit lost. **Credit lost time can possibly be made up during summer school/credit recovery.**

Make-Up Work for Absences :

For all absences, it is the responsibility of the students to obtain make-up work from the individual teachers. Students will have one (1) day for each absence to make-up work (with a maximum of 6 days per absence period). However, students should understand that if the work is not made up within the designated time, then work made up would not receive full credit. Those students who are seniors and juniors will receive an "F" if not made up within the designated time. Special arrangements may be made for extended absences.

Assignments prior to an absence are due the day the student returns to school. **Anytime a student is missing three (3) or more assignments in a class, parents will be notified so the situation can be remedied.**

A test is to be taken the first day the student has that class on return to school if the student was absent the day of the test. If the student missed the test day and the review day, the student will arrange a tutoring session or sessions with the instructor and the instructor will arrange for the test date. If the student does not ask for a tutoring session, they will take the test at the teacher's discretion.

Leaving During the School Day

Since the school has legal responsibility for all students and needs to be aware of their absence and destination, students who leave school for **ANY REASON MUST SIGN OUT IN THE OFFICE**. Only in emergency situations will the school phone parents/guardians to obtain permission for the students to leave. Students who leave school without parent permission and/or signing out will be skipping a part of class, a class, or classes. Such absences will be unexcused and the student will be disciplined, either ISS or OSS.

College Visits

Juniors will be allowed one college-visit day and seniors two college-visit days with **prior counselor and office notification.**

EARLY DISMISSAL REQUESTS BY PARENTS/GUARDIANS

Permission to Leave School: Any excuse to leave the school grounds should be written and handed into the office by 8:05 a.m. Permission to leave the building during the day may be granted by the principal upon receiving the written request by 8:05 a.m. Students may be dismissed from school before regular dismissal times only for valid reasons. Notes requesting an early dismissal should be given to the office. The following procedure will be used:

1. Obtain permission to leave from the principal's office.
2. Indicate on the "Sign out Sheet" - his/her name, time leaving school, and destination.
3. "Sign In" with the correct time when he/she returns to school.
 - Permission will not be granted for students to leave school with their vehicles or to ride with someone else unless a phone call / written note is obtained from the parent/guardian.
 - Permission will not be granted for students to leave school for gym clothes, books, or materials used in class. Students and parents/guardians are responsible to see that these are brought to school on time.

Tardy Policy

Students must be responsible for arriving to school on time (a late arrival to school will be considered tardy) and when proceeding from one class to another within the designated time. A tardy to class means a student was not in the classroom by the second bell. Students have three (3) minutes between classes to get to lockers, restrooms, and water fountains. This is ample time if it is used wisely. It will help if all students walk on the right side of the hall as they pass from class to class.

- Using the telephone, talking to another student, getting a drink, getting books from the locker, etc. are not acceptable excuses for being tardy to a class.
- Oversleeping, sleeping in after a ball game, stopping to get gas for the car, etc. are not acceptable excuses for arriving late to school.

Students arriving late to school must report to the office and sign-in.

After accumulating two (2) tardies in a quarter, the office will notify the student's parents/guardians to inform them of the problem and the consequences for future tardies.

Classroom Tardy:	1 st tardy	Warning
	2 nd tardy	Teacher detention 15 min.
	3 rd tardy	Teacher detention 30 min.
	4 th – up	Sent to Office
Office Tardy:	1 st tardy	Warning
	2 nd tardy	Principals Detention 30 min.
	3 rd tardy	Principals Detention 45 min.
	4 th – up	1 day ISS

Habitual tardiness may result in equal days of ISS, as well as notification of the tardy problem

to the Juvenile Office and/or State DFS Hotline. A tardy will be kept just like our school's attendance. At the end of a quarter a student will begin anew.

The issuance of an excused tardy pass will be at the discretion of the principal, counselor, attendance secretary, or classroom teacher.

Lockers

Lockers will be assigned the first day of school. All locker changes must go through the principal's office. Keep lockers clean at all times. Do not write in or attach items to your locker – NO TAPE. **If you have to attach something, use magnetic stickers.** Any violation can result in paying for damages and disciplinary action. In order to protect possessions students will lock their lockers. Students placing padlocks on lockers must provide a key or combination to the principal at the time the lock is installed. Lockers are loaned for student use and remain the property of the school. As such they are subject to inspection at any time.

Textbook Rentals and Fees

Textbooks for grades 6 through 12 will be loaned on the free textbook program. Students will be held responsible for the loss of or damage to textbooks loaned to them. Fees assessed will be based on usage as follows:

- During 1st year.....100% of cost of replacement
- During 2nd year.....100% of cost of replacement
- During 3rd year.....75 % of cost of replacement
- During 4th - 6th year.....50 % of cost of replacement

Use of Library

Students are encouraged to use the library as much as possible. Students may use the library during class time provided they have a pass or are accompanied by a teacher. Care for and prompt return of books is important so that everyone can benefit from them. Therefore, students who have overdue books will not be allowed to check out other books until the overdue book is returned. A drop box is provided for students to put their Library Books in. Students who have lost or damaged books will be charged a replacement fee with a minimum of \$10.00 for a paperback and \$15.00 for a hard copy.

The library book and textbook selection policy is contained in a separate manual, which will be provided upon request.

Audio-Visual Materials

It is Grundy Co. R-V's position that movies may be approved for student viewing for educational purposes, used as a culminating activity, as an incentive, etc., upon Building Administrator's approval. Grundy Co. R-V Faculty and Staff are required to complete a "Request for Movie" form and submit it to the appropriate Building Administrator for approval. The movie must be approved prior to student viewing. K-6th grade shall only be permitted to view "G" rated movies and 6th-12th grades shall only be permitted to view "PG" rated movies with adult discretion.

Telephone Use

The office telephones are for SCHOOL BUSINESS ONLY. If a student needs to make a call, they must get approval from administration. **Calls are not to be made during class time.**

Parents and others are asked not to call for students personally. A message will be given to the student when he/she is free. Only in cases of emergency will students be called to the phone during school hours.

Only a school official(s) will make outgoing calls from the office involving a case of sickness or emergency.

Cell Phone (Board Policy)

Developments in class phone technology in recent years have resulted in enhanced communication opportunities. However, the use of cellphones in schools poses increasing risks of school disruptions, bullying, criminal activity, and academic dishonesty. As a result, student cell phones, digital cameras and similar electronic devices will be banned during instructional periods, including advisory, as well as, in dressing areas during extracurricular activities. Cell phones – will only be allowed before and after school and during the student’s lunch period. Violation of this policy will result in the following:

1st offense – item will be confiscated and returned at the end of the school day

2nd offense – item confiscated and parents will be required to pick the item up in the principal’s office

3rd and subsequent offenses – item confiscated, parents must pick up the item and student will serve one day of in-school suspension. Additional disciplinary measures may be taken if persistent violation of this policy occurs.

Parents may apply to the building principal to obtain a hardship exception. In such cases, the student’s cell phone must be retained in the principal’s office. Students granted a hardship may visit the office to use their cell phone for approved purposes. Telephones are also available in school offices for parents to contact their student for legitimate reasons. Exceptions for special requests may be directed to the building principal for consideration.

Cafeteria

A Closed Noon Hour Will Be Maintained.

Students will not be allowed to leave the school grounds for outside lunch. Leaving the school grounds during the lunch periods could result in ISS or OSS. The school maintains a cafeteria in which students may obtain a convenient, well-balanced nourishing breakfast and lunch for a nominal fee. Only one breakfast or lunch charge will be allowed. **** A new board policy 5550 on Meal Charges was adopted June 8, 2017 and is on the district’s website. A copy is sent home with each student, or you may request a copy at the central office.**

School Breakfast and Lunch will be free for the 2021-2022 school year. Prices are as follows; Milk - \$.25, Full Price Breakfast \$1.30, Reduced Price Breakfast - \$.30, Full Price Lunch - \$2.70, Reduced Price Lunch - \$.40. Student Code of Conduct

The student code of conduct is designed to foster student responsibility, respect for the rights of others, and to ensure the orderly operation of the Grundy R-5 Schools. No code can be expected to list each and every offense, which may result in the use of disciplinary action. However, it is the purpose of this code to list certain offenses, which, if committed by students, will result in the imposition of certain disciplinary action. Any conduct not included herein, or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent, and/or Grundy R-5 Board of Education.

Rules and Regulations

Safe Schools Act

The Safe Schools Act is now law and has been officially adopted by the Board of Education.
Board Policy File JFCJ.

Discipline Policy-Administrative Regulation

The standards of the following policy are important for the maintenance of an atmosphere where orderly learning is possible and encouraged. It is the objective of the Grundy R-5 Schools to recognize, preserve, and protect the individual rights of all students, and yet at the same time to

encourage and enforce the exercise of these rights within the necessary framework of an orderly, efficient and continuing school program. Therefore, discipline and structure are necessary standards for the maintenance of an atmosphere where orderly learning is possible and encouraged.

All Grundy R-V personnel are responsible for the care and supervision of students and are all authorized to hold every student strictly accountable for any disorderly conduct in school, on any property of the school, on any school bus going to or returning from school, during school sponsored activities or during intermission or recess periods.

Any teacher who notices the misconduct or is responsible for the student, by the building principal or the superintendent, may discipline students exhibiting disruptive or defiant behavior. Any disciplinary action must be preceded by an explanation of the charges to the student and an opportunity for the student to respond.

Academic penalties will not be used, however credit and grades will not be earned until related objectives are accomplished and proven. Students not performing satisfactorily or not completing assignments or tests may not earn grades or credit. Once grades or credit are earned, they will not be removed.

When a student is sent to the office for disciplinary action, the administrator has the option of following the disciplinary action outlined below or administrating other disciplinary action at their discretion.

Behavior Expectations

- Each student will be responsible for promoting a positive and healthful environment for others by maintaining order, self-discipline and having consideration for the rights and property of others. As such, each student will bear the responsibility for his own conduct.
- Each student will be responsible for neatness and cleanliness of personal attire and hygiene.
- Each student will respect other students, teachers, staff, administrators, other school personnel, as well as visitors as human beings and fellow citizens of the community.
- Each student will respect the personal property of others and refrain from causing intentional damage, unnecessary wear and tear to books and equipment, school materials, and school property, including the buildings, furnishing, and school parking lots.

- Each student will refrain from fighting, creating a disturbance, denying others the use of school facilities or buildings, using or carrying any weapons on school grounds, intentionally injuring another person or acting in such a manner to expose others to risk of danger, harm, or injury. A student will not use threats, bullying, or intimidation against any other person.
- Each student will respect the health and safety of others and refrain from using, possessing, transmitting, or being under the influence of any alcoholic beverage, narcotic substance, illegal or prohibited drug or substance.
- Each student will respect the health and safety of others by refraining from illegal gambling, extortion, theft, assault, excessive noise, or any other unlawful activity.
- Each student will respect the educational process and learning environment of others by refraining from intentional or habitual tardiness, truancy, or any activities that diminish the rights of others or the opportunity for other students to receive an education and obtain the maximum benefit from the school district's instructional/educational programs.

Consequences

Realizing that discipline is essential to the normal operation of school, any or all of the following steps may be taken to help students who have demonstrated misbehavior.

1. Counseling
2. Parental conferences
3. Before or after school detention
4. Work detail
5. Activity Suspension
6. In-school suspension (ISS)
7. Suspension from class
8. Out of school suspension (OSS)
9. Permanent expulsion from school

Steps taken will depend on the nature of the misbehavior, a student's past record, and more importantly, the school's official opinion as to what is necessary to ensure appropriate behavior by this particular student.

Description of Discipline Actions

- **Detention** – can be used by a classroom teacher or administrator for disciplinary or academic reasons. Twenty-four hours notice will be given so a student who has been assigned a detention may have the opportunity to inform his/her parents/guardians and make arrangements for transportation home. Students may reschedule one suspension per class year.
- **Work Detail** – may be assigned as punishment, especially in regard to property damage. (Transportation to and from assigned work detail shall be the responsibility of the student and or student's parents/guardians.)
- **Activity suspension** - student will not be allowed to attend any extra-curricular activities for a specified length of time. This could include suspension from organizational meetings and/or trips.
- **In-School Suspension (ISS)** – students may be placed in a suspension room under the supervision of an administrator, teacher, or designated aide. While in the ISS room, a student must obey these rules:
 1. Bring all books, pencils, pens, and paper that you will need for the day to the ISS room. Bring in a sweater, sweatshirt, or jacket.
 2. You should have at least one (1) - library book or outside reading material.
 3. You will remain in the ISS room at all times. Passes to other parts of the building will not be given.
 4. You will be allowed one bathroom break in the morning and one in the afternoon.
 5. You will bring your lunch trays back to the ISS room and eat your lunch at the designated time, then return your tray to the cafeteria
 6. Sit with feet on the floor. Neither sleeping nor lounging will be allowed.
 7. Talk only to the person in charge. Conversations with other students in or out of the ISS room, while in ISS, are not allowed.
 8. Your regular classroom teacher will provide assignments; you are expected to work on these assignments while in ISS. You will be given full credit if assignments are satisfactorily completed and given to the ISS supervisor before the dismissal of school on that particular day. All assignments must have your name, date, the

teacher's name, and block number.

9. NO FOOD OF ANY KIND WILL BE PERMITTED AND ONLY WATER IN A CLEAR CONTAINER WILL BE ALLOWED.
 10. If you choose not to follow the rules or have shown rudeness to the ISS supervisor or other students in ISS, the student will be dismissed from ISS and referred to the principal. The student will then be placed in OSS and will lose all credit for assignments and tests. Students must still successfully complete the ISS and will be reassigned to ISS.
 11. Students will not be allowed to participate or attend school activities **until the ISS is served.**
 12. Students serving ISS will not be allowed to attend Vo-Tech classes on the day of assigned ISS.
- **Out-of-School Suspension (OSS)** – Students will be temporarily removed from school for varying lengths of time. *
 - ***OSS Rules**
 1. Students who are placed on Out-of-School suspension will not be readmitted to class until a parent/teacher/principal conference has been held, unless a parent/guardian has made contact with the principal before the suspension is completely served.
 2. Students will receive zeros on all work during the time they spend on OSS (including any tests given during their OSS time), and work may not be made up for credit.
 3. Students on OSS are not allowed on school property, attend class, attend Vo-tech, or participate in any school activities during the OSS time period.
 4. Students may request their assignments during the OSS time period (no credit will be given).

Parents/guardians may pick-up the assignments during school hours. Students may only pick-up material after the dismissal of school for that particular day.
 - **Expulsion** – Student will be removed from school for the remainder of the school year. This action is taken by the Board of Education upon recommendation of the superintendent.

If the student has repeated offenses in a variety of discipline areas, the administration can impose more severe punishment than that which is listed in the student handbook.

Due Process/Student Complaints and Grievances

All students at Grundy R-5 Schools have the right not only to an education, but also the rights guaranteed by the United States Constitution. In situations involving student infractions or building policies that may result in punishment, the following due process procedures apply:

1. The student will meet with the principal, counselor, or superintendent.
2. The student will be given oral or written notice of charges against them.
3. If the student denies the charges, she/he shall be given an oral or written explanation of the facts that form the basis for the proposed discipline.
4. The student shall be given an opportunity to present his/her version of the incident.
5. **In the event of a suspension of more than ten (10) days, where a pupil gives notice that she/he wishes to appeal the suspension to the Board of Education, the suspension shall be stayed until the Board of Education renders its decision, unless in the judgment of the superintendent of school, the student's presence**

poses a continuing danger to persons or property or an on-going threat of disrupting the academic process, in which case the student may be immediately removed from school and the notice and hearing shall follow as soon as practicable thereafter. Ref; 167.171 Mo.Rev.Stat.

6. Appeals to the superintendent or Board of Education must be in writing and within ten (10) days of the previous decision.

Alleged acts of unfairness and any decision made by school personnel, except otherwise provided for under student suspension and expulsion, which the students and/or parents/guardians believe to be unjust or in violation of pertinent policies of the Grundy R-5 Board of Education or individual school rules, may be appealed to the school principal or designated representative.

The following guidelines are established for the presentation of student complaints and grievances:

1. The principal shall schedule a conference with the student and any staff member involved to attempt to resolve the problem. Parents/guardians may be involved in the conference, or a later conference for parents/guardians may be scheduled at the discretion of the principal.
2. If the grievance is not resolved at level one and the grievant wish to pursue the grievance, they may formalize it by filing a written complaint on a Compliance Violation Form, which may be obtained from Title VI, Title IX and Section 504/ADA Coordinator. The complaint shall state the nature of the grievance and the remedy requested.
3. If the problem is not resolved to the satisfaction of the student and/or parents/guardians, a request may be submitted for a conference with the superintendent of schools. The superintendent shall arrange a conference to consider the problem, and to inform the participants of the action that will be taken.
4. If the student and/or parents/guardians are not satisfied with the action of the superintendent, they may submit a written request to appear before the Board of Education. Unless required by law, a hearing will be at the discretion of the Board. The decision of the Board shall be final.

All persons are assured that they may utilize this procedure without reprisal.

Behavior Code – Referral to Principal-Non-Severe Behaviors

EVERY TEACHER IN GRUNDY COUNTY R-5 SCHOOLS FOLLOWS THE FOLLOWING CLASSROOM MANAGEMENT PLAN

If a rule is broken: 1st consequence: Verbal warning
 2nd consequence: Detention at teacher's convenience in the teacher's room
 3rd consequence: Referral to the principal

Failure to serve a classroom–assigned detention will result in a student being referred to the principal for further discipline. Parents may request they be contacted immediately by the teacher if the student is assigned detention or by the office if a student is referred to the principal.

Referral to the Principal – Severe Behaviors

The following types of behaviors will be considered “severe discipline problems” and will result in disciplinary action, which may include OSS from 1 to 10 days, as well as contact with the juvenile office and/or the proper law enforcement agency. The principal will determine the length of suspension.

1. Fighting, including roughhousing, pushing, shoving, tripping, etc. Students should not be touching others even in “fun.” We were just “joking,” etc. **will not be considered a legitimate excuse** if a student is in any way roughhousing with another student.
Parents/Guardians and students should be aware that under the Safe Schools Act, a Federal law, all fights on school property must be reported to the Juvenile office and/or the Sheriff’s office.
2. Vandalism/attempted destruction of property or destruction of property.
3. Theft or attempted theft.
4. Profanity/use of written or spoken language and/or gestures, which are disparaging, demeaning, or obscene. All offenses involving disrespect to any adult staff member will have more serious consequences.
5. Harassment, either verbal or physical, of another student or staff member.
6. Possession of tobacco, drugs, vaping, or alcohol.
7. Possession of prohibited articles on school grounds.
8. Inappropriate displays of affection including holding hands, having your arms around another, etc.
9. Skipping classes. Skipping a class or part of a class. Students who have been in school part of the day and who are more than five minutes late to a class will be considered to be skipping.
10. Safe Schools Act Violations: Students who bring a weapon to school may be expelled for a period of one year. Students who are expelled from one public school for a weapons violation may not attend any public school for a year.
11. Failure to obey a reasonable request by a school employee/arguing with a school employee. Rude behavior or remarks to a staff member or bus driver will have more serious consequences. Respect for school personnel is required. *

*Students who want to discuss a situation with a bus driver, teacher, or school employee may schedule a private conference with the bus driver, teacher, or employee at the adult’s convenience. Students should remain after class to schedule a private conference with their teachers. Students should wait until they are getting off the bus to ask the driver for a conference.

Bus drivers, teachers, and staff members should arrange the conference within a 24-hour period if possible. The principal, superintendent, or counselor, at the request of the student or employee, will attend the conference.

Parents may request that the teacher or office contact them immediately, if the student is assigned detention, ISS, OSS, work detail, or if a student is referred to the principal.

Cheating/Plagiarism

Cheating/plagiarism are a serious breach of trust that will not be tolerated at the Grundy R-5 Schools.

Cheating/plagiarism are defined as:

1. Copying another student's homework and turning in the copied material as your own.
2. Copying answers from another student's test during an examination, crib notes, hidden answers, picture phones, palm pilots, etc.
3. Allowing another student to copy your work.
4. Allowing another student to look off of your test paper during an examination.
5. Copying material from another source, such as an encyclopedia, Internet source, book, or magazine, without giving credit to your source and claiming it as your written work.
6. Talking or passing notes to another student during a test will be interpreted as cheating.

All students caught cheating; assisting another student in cheating, in the possession of plagiarized material(s), or caught plagiarizing will receive a zero on the test or assignment, as well as additional disciplinary action may be taken at the discretion of the teacher and/or administrator.

Should there be a question concerning whether or not a student "let" another student copy during a test or another situation, it will be up to the teacher's discretion. Should both students be found guilty, both students will be punished equally.

The teacher will notify parents/guardians of any incident.

Bullying – Board Policy

The District is committed to maintaining a learning and working environment free of any form of bullying or intimidation by students toward District personnel or students on school grounds, or school time, at a school sponsored activity or in a school related contest.

Any attempt to violate the provisions will result in disciplinary action in the form of temporary revocation of user accounts, regardless of the success or failure of the attempt. Revocation can result from disciplinary actions taken by a panel judiciary board called upon to investigate network abuses. This organization reserves the right to amend this document at any time.

The users of the network are responsible for respecting and adhering to local, state, federal, and international laws. Authorized personnel have the right to access information on the network and computing system. Interrogations and Searches - BOARD POLICY

Searches by School Personnel

School lockers and desks are the property of the Board of Education and are provided for the convenience of students, and as such, are subject to periodic inspection without notice. The lockers and desks may be searched by school administrators who have a reasonable suspicion that the lockers or desks contain drugs, alcohol, material of a disruptive nature, stolen property, weapons or other items posing a danger to the health or safety of students and school employees.

Students or student property may be searched based on reasonable suspicion of a violation of district rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. Personal searches, and searches of student property, shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, and never in front of other students. Student may be asked to empty pockets, or remove jackets, coats, shoes and other articles of exterior clothing for examination if reasonable under the circumstances.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student’s automobile on school premises may be searched if the school authority has reasonable suspicion to believe that illegal, unauthorized or contraband items are contained inside.

Law enforcement officials shall be contacted if the administration reasonably suspects that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence

of a crime beneath his or her clothing and the student refuses to surrender such articles. Law enforcement officials may be contacted in any case involving a violation of law, when a student refuses to allow a search or where the search cannot safely be conducted. Parents may also be contacted.

Interview with Police or Juvenile Officers/Other Law Enforcement Officials

The Grundy County R-V School District has legal jurisdiction over students during the school day and hours of approved extracurricular activities. The school administration is responsible for making an effort to protect each student's rights with respect to interrogations by law enforcement officials. When law enforcement officials find it necessary to question students during the school day or periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private.

The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians. If the interviewer raises a valid objection to the notification, parents will not be notified.

Students will be afforded the same rights in dealing with law enforcement officials that exist outside the school; the school will attempt to notify the parents, students must be informed of their constitutional rights by the law officials, students may remain silent if they so desire and they must not be subjected to coercion or illegal restraint. However, within the framework of legal rights, students have the responsibility to cooperate with law enforcement officials.

Removal of Students from School by Law Enforcement Officials

Before a student at school is arrested or taken into custody by law enforcement or other legally authorized person, the principal will verify the official's identity. To the best of his or her ability, the principal will verify the official's authority to take custody of the student. The school principal will attempt to notify the student's parent/guardian that the student is being removed from school.

Search Seizure - ADMINISTRATIVE REGULATION

The students will maintain any school lockers used by students in a safe and orderly manner. No liquids, explosives, dangerous instruments, or live creatures will be kept in lockers. The school will remain a co-tenant of the lockers and may conduct routine searches for missing property or disorderly or unsafe conditions. Students placing padlocks on lockers must provide a key or combination to the principal at the time the lock is installed.

Students have no expectation of privacy in lockers, desks, computers, or other district-provided equipment or areas. The district will conduct periodic and unannounced administrative searches of lockers, computers and other district equipment. The district uses dogs to indicate the presence of alcohol, drugs, or other prohibited substances on campus, including the parking lot. Additional searches of bags, purses, coats, electronic devices, other personal possessions and cars in accordance with law may be done. The district may require a student to submit to a drug or alcohol test if there is reasonable suspicion that the student has consumed prohibited substances.

In the event a law enforcement official requests permission to search a student, an administrator shall be present during the search.

Articles or information acquired during searches may be presented to legal authorities for evidence in criminal prosecution; items prohibited at school may be disposed of; other items will be returned to the student.

Medications

All medications, prescribed by an authorized prescriber, as well as all non-prescription medications, will be administered in accordance with Board policy JHCD, Administration of Medicines to Students.

School Policy for Administration of Medications during School Hours Rules and Regulations

1. If at all possible all drugs that can be given at home before coming to school and upon returning home should not be brought to school to be given during school hours. Many times the scheduling can be arranged so this is possible. The family doctor can be consulted to set up a schedule.
2. The first dose of any antibiotic or other medication should be given at home in order to decrease the risk of an allergic reaction occurring at school.
3. The nurse or principal's designee will administer the medication in compliance with the regulations.
4. If the doctor feels that it is necessary to administer medication during school hours a statement should be provided as to the time, the amount, the name of the medicine, and how often to give, also what type of reaction if any to expect. The statement should be signed by the doctor and the parent or guardian. This may also come in the form of a properly labeled prescription bottle from a pharmacy.
5. A note from parents giving the school permission to administer the medication must accompany the medication prescribed. The note should include the date, the name and dose of the medication, and the time of day that it is to be given.
6. School personnel do not provide any non-prescription medication at any time. Over-the counter medication in the **original unopened container** may be provided by parents and given when accompanied by a written request from the parent or guardian. **Opened & /or out dated** over the counter medication will not be given. Lice and Scabies Policy

In keeping with the Grundy R-5 School District's policy of avoiding the unnecessary exclusion of students from school, the district will not exclude otherwise healthy students from school due to nit infestations. Students with head lice infestations will be excluded from school only to the minimum extent necessary for treatment. To avoid the unnecessary exclusions of students from school, the administration provides the following procedure:

1. Schools will not perform routine school wide head lice screening, however, should multiple cases be reported, the nurse will identify the students most likely to have been exposed and arrange to have those students examined.
2. If the school nurse or teacher discovers head lice or nits on a student, the parent/guardian of that student will be notified.
3. The school nurse will instruct the parent/guardian concerning various shampoos, sprays, and other appropriate treatments that can be purchased to eliminate head lice or nits. For effective treatment, label directions must be followed exactly as written on shampoo bottles. The nurse will also give information concerning necessary procedures to be taken in the home to ensure that the head lice are eliminated.
4. If the student was infected with live head lice, the student should not return to school until treated with an approved lice shampoo. Home remedies have not been proven to be effective treatment."
5. When a student who had a live head lice infestation returns to school, the school nurse or designee will examine the student. If live lice are found at that time, the parent/guardian will again be called and reinstructed concerning treatment.
6. The school nurse will keep accurate and confidential records of students infected with head lice or nits.
7. If it appears the parent/guardian of an infested student is failing to secure timely treatment for the infestation after having been given notice of the existence of head lice or nits in accordance with these procedures, the nurse will notify the school principal, who may report the matter to the Children's Division (CD) of the Department of Social Services.

The school nurse will develop education programs regarding the diagnosis, treatment, and prevention of head lice for staff, students, parents and the community.

Immunizations/School Health Records of Students - BOARD POLICY

It shall be the policy of the Grundy Co. R-V School District that all students attending the district schools shall be in compliance with state laws and regulations requiring immunization against poliomyelitis, rubella, measles, mumps, tetanus, pertussis, diphtheria, and hepatitis B, varicella (chickenpox) and meningococcal.

The parents or guardians of each student entering the school district shall furnish satisfactory proof that the student has been adequately immunized, or that the immunization process has begun.

It shall be unlawful for any student to attend school in the district unless the student has been satisfactorily immunized or unless the parents/guardians have signed and placed on file with the school administrator a statement of exemption because of religious beliefs or medical contraindications. Failure to comply with this legal requirement will result in the student's exclusion from school until proof of compliance has been presented to the district. If the student produces evidence of having begun the process of immunization, he or she may continue to attend school as long as the process is proceeding. Homeless children are the only exception, and are allowed a 24 hour time period in which to provide proof of compliance.

The superintendent shall institute procedures for the maintenance of health records, which are to show the immunization status of every child enrolled or attending in the district, and for the completion of all necessary reports in accordance with guidelines prepared by the Department of Social Services-Missouri Division of Health.

School Bus Regulations

The safety of students during their transportation to and from school and school activities is the responsibility of the parent/guardian, bus drivers, and school officials. Students are responsible for all rules of conduct while waiting or riding a school bus. Administration may revoke riding privileges of students who fail to obey rules

Students are encouraged to use the bus transportation provided to and from school whenever possible. However, all students who ride the bus at any time are subject to the following conditions:

1. While on the regular daily route or to and from school activities, the bus driver is the person-in-charge. His/her judgment of student behavior will be respected by the school administration.
2. Students will conduct themselves at all times so as not to cause embarrassment or unfavorable reflection upon Grundy County R-V.
3. Students will show proper respect to the driver and other passengers at all times.
4. Students will board and leave the bus as instructed by the driver (the emergency door will be used in case of "emergency" only).
5. All passengers will remain seated while the bus is in motion, no standing or moving from seat-to-seat.
6. Students will keep hands and possessions to themselves; will not hit other students with hands or other objects.
7. Students will not use abusive or foul language.
8. No objects or parts of the body outside the bus windows.
9. Pupils must be on time; the bus cannot wait beyond its regular schedule for those who are tardy.
10. Use or possession of tobacco, vaping or drugs on the bus is prohibited.

11. No glass bottles will be allowed on buses.
12. Any student riding the bus to school must follow the regular procedure for permission to leave school.
13. Any damage to the bus must be reported to the driver immediately.
14. The superintendent and/or principal have the authority to discontinue the transportation of any student who, in the driver's opinion, displays intolerable behavior.
15. Any student whose transportation is suspended shall not be permitted to ride the bus until satisfactory arrangements have been made by parent/guardian with the superintendent and/or principal.
16. The bus driver's main duty is to drive in such a manner as to insure the safety of all passengers at all times. In order to do an effective job, distraction from passengers must be kept to a minimum. Any situation causing a driver to shift his attention from the road to the passengers could endanger the safety of all passengers on the bus.
17. No student that continues to display disrespect of bus rules will be allowed the privilege of riding the bus.
18. Bus drivers have been instructed to keep written records of infractions to the rules; the record will include the name/s of student/s involved, date, description of event and the corrective measures used.

You as parents can do more than anyone else to help keep order on the bus. Please discuss with your children the importance of respecting the rights of others and the tremendous responsibility of the bus driver. We simply can't allow a few disruptive students to endanger the safety of everyone on the bus. Thank you for your support and help in this matter.
